Skilled nursing facility services: assessing payment adequacy and updating payments

ISSUE: Are Medicare payments for skilled nursing facility (SNF) care adequate? How should payments for fiscal year 2009 be updated?

KEY POINTS: We examine six factors to determine whether payments for SNF care in fiscal year 2008 are adequate:

- Access to care,
- Supply of providers,
- Volume of services,
- Quality of care,
- Access to capital, and
- Payments and costs.

We then examine how costs are likely to change in 2009 and present draft recommendations.

ACTION: Commissioners should review the findings in preparation for voting on recommendations.
