

Mandated report: Designing a value incentive program for post-acute care

ISSUE: The Consolidated Appropriations Act, 2021 requires MedPAC to report on a prototype value-based payment program for all post-acute care (PAC) providers and analyze the impacts of the prototype's design. The report is due March 15, 2022.

KEY POINTS: Building on the Commission's past work, we present a design of a PAC value incentive program (VIP) that uses a uniform set of performance measures and scoring approach.

ACTION: Commissioners will discuss the design of the PAC VIP and illustrative results of modeling that design.
